

1. **Vinyl frames and sashes will never chip, peel, crack or warp.** Made tough and solid with PVC resin, their color is formulated throughout so the beautiful luster lasts.
2. **Multi-chambered sash and mainframe** create insulating air spaces for thermal efficiency.
3. **Insulated glass unit** featuring double strength glass with optimal air space improves year round performance.
4. **Warm Edge Spacer System** maximizes performance and longevity.
5. **Interlock at sash meeting rails** adds to your sense of security, comfort and well-being.
6. **Protective bulb seal** helps to prevent air infiltration at the meeting rail.
7. **Fully extruded lift rails** provide strength and stability for easy operation.
8. **Drop in glazing** for extra protection from the elements.
9. **Sloped sill** forces water to drain to the exterior of the window.
10. **Hidden screen track** for clean lines and added beauty.
11. **Protective bulb seal at the sill** provides extra protection from the elements – sealing tightly against dust, dirt and air infiltration.

Plus these additional features:

- **Fusion-welded frames and sashes** add strength and rigidity.
- **Dual ventilator locks** provide a safe, secure way to keep windows open for proper ventilation.
- **Full balance covers** help protect against air infiltration while adding a finished look to the window frame.
- **Constant force balance system** eliminates sash cords, weights and pulleys. You'll benefit from smooth, comfortable fingertip operation.
- **Tilt-in top and bottom sashes** make cleaning safe and easy from inside the home.
- **Double barrier-fin weatherstripping** at sash sides helps keep out dirt and noise, and protects against air infiltration.
- **Beveled exterior profile** gives windows a clean, elegant look.
